

I support media diversity

We are writing to you today to comment on Docket No. 02-277, The Biennial Review of the FCC's broadcast media ownership rules.

We are absolutely opposed to the deregulation of media ownership.

We are amazed and aghast that the FCC is even considering it. The purpose of the FCC is to protect the public against monopolies controlling the air waves and the printed press. The very concept of "freedom of the press" demands that such control-by-the-few be banned. Failure to do so is a failure of the FCC to do its job.

We have also been amazed that during the last few years, mergers of these giant corporations have been allowed. They are so clearly monopolistic.

Thank you,

Jack and Alicia Lackman
